Turn Military Vessels into Peace Boats

And he shall judge between the nations and reprove many peoples, and they shall beat their swords into plowshares and their spears into pruning hooks; nation shall not lift the sword against nation, neither shall they learn war anymore. Isaiah 2:4

The Palestinians need to rebuild their infrastructure. We need to help them by bringing in cement, PVC, glass, lumber, copper wire, and generators. Israel refuses to let them rebuild. We insist that they have that right.

Last week, the former prime minister of Malaysia, Tun Dr. Mahathir Mohamed and his wife Tun Dr Siti Hasmah Mohd All pledged to buy a cargo boat for the Free Gaza Movement. Now we have the capability of bringing in badly needed supplies by sea.

Remember, Israel makes money on the occupation. Their farmers make money on the occupation. Their military makes money on the occupation. We say 'enough'. The people of Gaza have the right to farm, fish and build without Israeli interference.

Our next step is to raise money for two to four military boats. We will turn them into passenger boats and accompany the cargo ship into port. We will not go again unless we have at least two boats to carry 25-40 passengers.

We know where we can buy the military boats. We have the expertise lined up to work on them. We have three possible countries for registration.

Estimated cost of each ship is \$85,000 to \$122,000. Estimated cost to register them and fix them up for civilian open sea use is about \$57,000 each (\$4000 for legal fees, \$36,000 VAT, \$11,000 new safety

equipment/upgrades (life rafts, fire extinguishers, GPS, radar, autopilot), \$6000 sofas, galley, paint job) for a total of \$143,000 to \$168,000 to buy and retrofit each boat.
