Dear Free Gaza Movement,

I would like to express my gratitude and sincere thanks over the invitation you have sent yesterday. It's my great pleasure to respond to this invitation through my PCAS' continued actions against siege.

Since your goal 100% meets our goal in the committee, I could tell you that we will be fully engaged logistically, locally and Internationally with this Journey.

We started our media activities just today and we there was an excellent media coverage over the ship news. Many Arab and local media outlets spoke about it after a piece of news I made.

Below some links for the last 2 hours about the ship.

Popular Committee Against Siege Chairman,
Independent Parliamentarian in Gaza Strip,
