## **Day 10 of Israeli War On Gaza**

### **Death toll 600, injured 2800, New "Nakhba" & Refugees**

**By Sameh A. Habeeb, A Photojournalist, Humanitarian & Peace Activist in Gaza Strip.**

Gaza Strip, 5, January, 2009- Israeli War on Gaza still rise up in various points through the occupied Gaza Strip. More civilians killed in opposition of Israeli announced aim of hitting the Hamas militants. Monday morning a massacre happened in Al Zaytoun Quarter as Israeli army gathered around 30 persons in one house and then bombed them. Medical sources said that 14 killed and 60 injured. Around 10 of them children some are women and some other youth old people.

The heaviest ongoing bombing of Air forces and artillery shells pushed thousands of civilians to internally migrate to the western areas of the Strip. Ironically, the western areas are not safer to be taken a shelter by those new refugees as Israeli naval gunboats await for them. Many bombs were fired from these vessels killing family in Al Shati' camp and injured several other in Al Nusairat Refugee Camp.

In the north of Gaza, thousands of Bait Hanon residents of and eastern Jabalia are leaving their homes into the western areas.

Humanitarian conditions severely exacerbated. Civilians don't have drinking water nor any kind of water for daily use. Add to that, basics of food like bread, cooking oil, rice, beans and sugar are no longer available in the markets.

Meanwhile, medical sector is totally paralyzed due to lack of human resources from cadre and doctors and a severe shortage in medicines and medical tools. The amount of victims is obviously huger than the abilities of the already arduous hospitals which suffer a siege of 18 months.

### **Deadly Outcomes of Israeli Ground Military Operation:**

**1- Israeli air force bombarded many houses at Al shati' Refugee Camp. Medical sources said that 35 Palestinians wounded.**

**2-Israeli Air strike from Apache helicopters targeted a 3-floor-house for Al Ghandour family in Al Daraj area. An Atmosphere of fear and panic through put residents of the area.**
