**Subject: Invitation & Deep Welcome**

We, in the Agricultural Development Association PARC/Gaza, would like to show our deepest welcome and gladness to receive you in our dear Gaza.

This letter is a chance to show you our overwhelming feelings regarding your generous reaction characterized of high human sense. Your attempt "to sail in a boat to the Gaza strip " to act in response to the severe and deteriorating humanitarian situation in the Gaza strip and to break the prison-like closure ,no doubt, will have its great echo and positive reflections at all national, regional and international levels.

Again, and on behalf of PARC staff, community-based organizations and gatherings, I would like to invite you to come to our Headquarter Office in Gaza city and provide you all facilities and arrangements to ease your mission in the Gaza strip.

With our kindest regards,

Abdul Karim Ashour
